وادي الصفوة الزراعية
WADI ALSAFOH

PUBLIC HEALTH PESTICIDES

Endo - 5

BENEFITS

• Highly effective against household cockroaches.
• Ready-to-use bait requires no mixing.
• Relatively slow action allows transfer within the colony.
• Relatively safe in public areas when used as instructed.

ACTIVE INGREDIENT

Indoxacarb 0.5% RB

Chemical group: Oxadiazines

DESCRIPTION

Ready-to-use granular bait for cockroaches. Acts by ingestion, stopping feeding and causing death within a short period.

APPLICATION RATES

Target pest	Application rate
Cockroaches	10-30 g/m²

APPLICATION METHOD

Place granules in cockroach hiding sites and along their movement routes. Replenish bait as needed.
