وادي الصفوة الزراعية
WADI ALSAFOH

PUBLIC HEALTH PESTICIDES

EXER

BENEFITS

- Highly effective against mice and rats.
- Ready-to-use bait is easy to apply.
- Relatively delayed action helps prevent bait aversion.
- Suitable for indoor and outdoor use.

ACTIVE INGREDIENT

Bromadiolone 0.005%

Chemical group: Coumarins

DESCRIPTION

Ready-to-use rodenticide bait in cake form for mice and rats. Acts as an anticoagulant, causing rodent death several days after feeding.

APPLICATION RATES

Target pest	Application rate
Rats	10-20 g/m²

APPLICATION METHOD

Place bait in dedicated containers or along rodent routes. Monitor consumption and replenish bait as needed.
