WADI ALSAFOH

PUBLIC HEALTH PESTICIDES

GUARD

BENEFITS

- Rapid control of target insects.
- Suitable for homes and other facilities.
- Use directly without dilution.
- Effective against crawling and flying insects.

ACTIVE INGREDIENT

Dinotefuran 0.5% SL

Chemical group: Neonicotinoids

DESCRIPTION

Soluble liquid insecticide for public health pests: cockroaches, flies, bed bugs, ants and fleas. Binds to acetylcholine receptors, disrupting nerve transmission and causing paralysis and death.

APPLICATION RATES

Target pest	Application rate
Cockroaches and bed bugs	15 mL product/m^2
Ants, fleas and flies	1.5 mL product/m^3
