WADI ALSAFOH

PUBLIC HEALTH PESTICIDES

SIVIO

BENEFITS

• Highly effective against household mosquitoes.
• Ready-to-use liquid for a dedicated electric device.
• Continuous activity while the device operates.
• Relatively safe in enclosed spaces when used as instructed.

ACTIVE INGREDIENT

Transfluthrin 1.6%

Chemical group: Pyrethroids

DESCRIPTION

Liquid vaporizer insecticide for indoor mosquito control. Heating gradually releases the active ingredient to repel and kill mosquitoes.

APPLICATION RATES

Target pest	Application rate
Mosquitoes	One bottle (approximately 45 mL) lasts up to 45 nights when operated for 8 hours daily.

APPLICATION METHOD

Place the bottle in the electric device and operate indoors. Keep doors and windows partly open for good ventilation.
